

E U R O P E A N - S T Y L E

K E Y P A D S

European-Style Keypads provide the ability to control and monitor lighting, audio, video, and other home systems, in a single room and throughout your home. Each Keypad button may be programmed to control an individual lighting zone, any group of lighting zones, or a lighting scene for your entire home and landscape. By taking the place of several switches, Keypads minimize wall space, while maximizing the number of functions possible.

The design of this Keypad features large, rounded buttons and large LEDs to clearly show lighting status. The unique square shape of this Keypad adds distinction to any installation.

DESIGN NOTES:
